Aurora Scholars Honored

The Aurora City Council recently honored several Aurora Public Schools students through the Aurora Scholars awards. The awards identify students who contribute to the life and community of their school and provide an opportunity for the City of Aurora, schools and families to come together to celebrate the achievements of Aurora’s future leaders.

Targeting first graders through high school seniors, the program recognizes one student from each grade in every school building. To see the full list of Aurora Scholars, visit aurorak12.org/2011/04/19/aurora-scholars-honored-4/.
