Recruiting

The Board directs the Superintendent to develop and maintain a recruitment program designed to recruit and retain high performing licensed personnel in the District's schools.

It is the responsibility of the Superintendent and chief personnel officer, with the assistance of other administrators, to determine the personnel needs of the District in general and of each individual school and to locate suitable candidates to recommend to the Board for employment. The search for good teachers and other licensed personnel shall extend to a wide variety of educational institutions and geographical areas. It shall take into consideration the diverse characteristics of the school system and the need for licensed staff members of various backgrounds.

Recruitment procedures shall not overlook the talents and potential of individuals already employed in the District's schools. Any present employee of the Board may apply for a position for which s/he is licensed and meets other stated requirements.

Background Checks

Prior to hiring any person, in accordance with state law the District shall conduct background checks with the Colorado Department of Education and previous employers regarding the applicant's fitness for employment.

Hiring

There shall be no discrimination in the hiring process on the basis of race, color, creed, sex, sexual orientation (which includes transgender), genetic information, religion, national origin, ancestry, age, marital status, disability or conditions related to pregnancy or childbirth.

All candidates shall be considered on the basis of their merits, qualifications and the needs of the District.
