Reviewed November 2007

APS Code: GDBA

CLASSIFIED STAFF SALARY SCHEDULES

The salary schedule adopted annually by the Board of Education shall be designed to reward employees for the difficulty and complexity of the position to which they are assigned, as well as continued service to the District.

CLASSIFIED STAFF SALARY SCHEDULES
Placement of
Classified Employees on Salary Schedule

Page 1 of 2

I. Range

Each classified position of the district shall be assigned a specific number on the salary schedule known as a range number. This range number will reflect the relative complexity of the position as related to other classified positions. The higher the range number, the more complex the position in comparison with lesser range numbers. Such range numbers shall be noted vertically on the salary schedule.

A. Assignment of Range

The superintendent of schools or a designee shall examine the complexity of each classified position and assign a specific range number to each. This process shall be termed classification/reclassification.

II. Step

For salary purposes, in addition to range placement, with Board approval, classified employees shall be rewarded for continued service. Such merit shall be known as step placement and noted horizontally on the salary schedule as Steps A-I.

A. Assignment of Steps for Classified Employees

1. With Board approval, all contracted employees employed a minimum of 90 work days in their calendar year will advance one step on the salary schedule with the beginning of their contract year. Thereafter, with Board approval, all employees shall serve 12 calendar months before becoming eligible for each subsequent step increment on the salary schedule until Step F is reached.

With Board approval, after reaching Step F, all employees shall serve 24 calendar months before becoming eligible for each subsequent step increment on the salary schedule.

2. **Substitute and Temporary Employees**

- a. A substitute shall be paid at Step A of the appropriate range for the position being covered.

CLASSIFIED STAFF SALARY SCHEDULES
Placement of
Classified Employees on Salary Schedule

Page 2 of 2

A substitute or temporary employee will be rated and paid an hourly wage according to the following procedure: substitute and temporary classified personnel are to be evaluated upon being employed, either by verification of performance in previous employment and/or testing. The Division of Human Resources may reclassify substitute personnel whenever such reclassification seems appropriate.

3. An employment letter shall be issued to each classified employee for that particular year in which any salary changes have been made.
4. In some instances, classified employees new to the district may be granted additional steps on the salary schedule based upon prior related experience.

This prior related experience must have occurred within the last five years immediately preceding employment with the Aurora Public Schools and must be able to be fully documented.

All requests for consideration for the granting of additional steps must be directed to the director, classified/licensed employees, and will only be considered when there is sound rationale in support of the decision. The final approval/disapproval regarding the granting of additional steps will be made by the chief personnel officer.

Credit for outside experience: Credit for outside experience in coaching shall be allowed on a step-for-each-year basis up to five years. This experience must be in the activity to which the teacher is assigned. For teachers hired after Jan. 1, 1979, no credit shall be given for outside experience at a middle or junior high level if the teacher is performing duties under this Appendix B at the high school level, except that teacher with ninth-grade coaching experience shall receive credit assigned to a ninth-grade coaching assignment in the same activity. In addition, in its sole discretion, the District may give year-for-year credit or it may give less than year-for-year credit for outside coaching experience of more than five years. The District shall not grant more than five years credit unless the chief personnel officer deems it necessary to do so to obtain highly qualified coaches in a particular sport.

Experience credit within the District: Those teachers within the school district shall receive experience credit for each year in a given activity without penalty for grade level or title (e.g. an assistant coach in basketball at the middle school level shall receive full credit for years of experience toward a position in basketball at the senior level).
