

STUDENT CONDUCT ON BUSES

The privilege of riding a school bus is contingent upon a student's good behavior and observance of established regulations for student conduct at bus stops and on District owned or operated buses.

The driver of a school bus shall be responsible for the safety of the students on the bus during the ride. Therefore, it is the bus driver's duty to notify the Student Management Department at Transportation Services if any student persists in violating the established rules of conduct.

After notification has been given to the student and her/his parents, the Student Management Department or the Director of Transportation or designee may withhold from the student the privilege of riding the school bus. The student also may be denied admission to school, suspended or expelled, in accordance with established policies, for flagrant violation of school bus rider conduct regulations or conduct detrimental to the safe operation of the bus.

Situations in which the student's actions result in the immediate endangerment of the safety, health or welfare of others, including student passengers, may necessitate the postponement of due process until after suspension.

Where the student whose bus privileges may be suspended or revoked is receiving special education services, Exceptional Student Services will be consulted prior to the suspension or revocation, unless there exists an immediate danger to the safety, health or welfare of others. In such cases bus privileges may be immediately suspended and Exceptional Student Services shall be consulted as soon as possible.

BUS TRANSPORTATION GUIDELINES

While on District vehicles, all Aurora Public Schools children are expected to behave in a manner consistent with building/classroom behavior. Colorado State law does not require districts to provide transportation. Aurora Public Schools considers bus transportation a privilege. Parent cooperation and support is important in reinforcing these procedures:

1. **Unsafe Items:** Any items which would endanger the lives, health or safety of the passengers or driver should not be brought on the bus. This includes animals, breakable items and weapons of any sort.
2. **Authorized Persons:** Only students authorized by the school principal ride on District buses. Bus passes may be issued to students at the secondary level.
3. **Waiting Period - Bus Stops:** Students are expected to arrive at the bus stop no more than five minutes before the bus is scheduled to arrive, students are expected to be courteous and respect the property of others.
4. **Multi-Step Progressive Discipline Plan:** Drivers take a multi-step progressive discipline plan to solve problems on the bus when issuing a citation (except for serious violations). This may include warnings, moving a student to another seat, assigning a seat, etc.

The following rules must be followed on District vehicles by all children:

1. Remain seated and behave appropriately; behavior distractions compromise transportation safety;
2. Speak in a quiet manner and do not use profanity;
3. Keep hands and head inside the bus;
4. Be courteous to fellow riders and driver;
5. Take care of the bus and its equipment. Do not take part in any vandalism;
6. Tobacco, drugs and alcohol are not to be used on the bus;
7. Do not tamper with the emergency door/windows/bus equipment; and
