NUTRITIOUS FOOD CHOICES

Each food and beverage offered for sale to students from any source, including the school cafeteria, vending machines, school stores and fundraising activities conducted on school grounds, shall satisfy minimum nutritional standards for food and beverages adopted by the state board of education and/or the USDA Child Nutrition regulations. Where there is a contract between the school district and a soft drink company under which beverages are sold in district schools, the requirement for healthy beverages applies to beverages supplied pursuant to contracts entered into or renewed on or after July 1, 2009.
